

PRESS RELEASE – For Immediate Release

Complimentary Golf on the Emerald Coast Makes Business Trips Easier to Take

www.GetMoreVacations.com directs business travelers and guests vacationing along the Emerald Coast to vacation rental properties that include a complimentary round of golf each day of a guests' stay.

Destin, FL September 22, 2008 – Business travelers and vacationing guests traveling to the Gulf Coast have an added incentive beyond the obvious lure of sugar-white shores and emerald waters – they can choose from over 5,000 vacation rental properties that include a complimentary round of golf at various championship courses every day of their stay.

Properties in Orange Beach and Gulf Shores in Alabama and from Pensacola Beach to Panama City Beach in Florida are featured on the popular travel website, www.GetMoreVacations.com. The golf courses are highlighted on the website where guests can choose a property based on their destination or by the course they wish to play. Participating courses include Glenlakes Golf Club (Foley, AL), Soldier's Creek Golf Club (Elberta, AL), Scenic Hills Country Club (Pensacola, FL), The Club at Hidden Creek (Navarre, FL), Tiger Point (Gulf Breeze, FL), Shalimar Pointe (Shalimar, FL), Bluewater Bay (Niceville, FL), The Links at Sandestin (Sandestin, FL), Regatta Bay Golf and Country Club (Destin, FL), and Hombre Golf Club (Panama City Beach, FL).

Each renowned in its own right, these courses have distinguished themselves across the spectrum of the golf world. The Hombre Golf Club is the annual host of the PGA Tour Qualifying School. *Golf News* ranks the Regatta Bay Golf and Country Club # 1 in Northwest Florida and *Golf*

Digest calls it one of the “Top Places to Play in North America.” Bluewater Bay was designed by the world-famous golf architects Tom Fazio and Jerry Pate. Shalimar Pointe was awarded *Golf Digest’s* Four Star Award in 2001 and is one of *Golf Week’s* Top 50 Southeast Development Courses. The Links at Sandestin has also been named one of *Golf Digest’s* “Places to Play” and repeatedly been rated as a four-star course. The Club at Hidden Creek’s course is challenging enough to serve as a host site for the U.S. Open Qualifying Rounds.

Not only can guests enjoy their complimentary golf at prestigious and challenging courses, they can do so while relaxing at some of the most luxurious vacation rental properties in the region – often for less than might be spent at a comparable hotel. Properties such as Portofino Island Resort and Spa, JME Properties, Newman-Dailey Resort Properties, Dale E. Peterson Vacations, Ocean Reef Resort Properties and 17 other professional property management companies currently offer the program in Florida and Alabama. GetMoreVacations.com also features properties and other amenities in North Carolina and Texas.

Jeanne Dailey, owner and president of Newman-Dailey Resort Properties in Destin, Florida observes, “Some of our guests call to reserve their complimentary golf as they are driving into town and are often on the links, enjoying their free golf before they even check into their rooms.”
